FOR IMMEDIATE RELEASE

Colorado Air Filter LLC announced the acquisition of Super-Tech Filter

Denver, Colorado – Colorado Air Filter LLC has announced the acquisition of Super-Tech Filter effective November 16, 2022.

“We are excited about this acquisition in Colorado and will continue Super-Tech Filter’s mission to provide the highest quality products, the highest service and provide the largest stock of air filters in Colorado. In addition, we will continue to expand our product line to encompass all facets of Indoor Air Quality for the commercial market as air filtration is only the first line of defense for cleaner air. As we have seen during the 100-year global pandemic, air quality is very important not only in your home, but in your place of work, in your place of worship, in your school or in your athletic facility,” said Keith Jordan, President of Colorado Air Filter LLC.

Colorado Air Filter is the only Colorado based air filter distributor to be a member of the National Air Filtration Association and Keith Jordan has been elected to the board of directors for 2023-2026.

“Colorado Air Filter is proud to be a part of NAFA and will bring updated filtration guidelines, education and new technology learned from NAFA to the Colorado market. We will offer complimentary training to ensure our customers are receiving the newest products and updated service and installation techniques in the Indoor Air Quality Industry,” said Keith Jordan.

For more information, please contact Keith Jordan.
